GLORY TO JESUS CHRIST!

Thanks for reading the bulletin! Be advised that Great Vespers resumes today (Saturday, September 11th) at 5:00PM. You are invited to attend in-person – a great way to prepare for Sunday! Be reminded that starting tomorrow (September 12th), Divine Liturgy will be celebrated at 9:30AM and 5:00PM. Given the increase in COVID-19 infections over the past month, we are strongly encouraging those who attend in-person to wear a mask.

An anonymous donor has made an initial contribution towards the installation of new windows in Dormition Parish, replacing the current windows which are not energy efficient, leading to higher energy costs to the parish and adversely affecting our environment. The total cost of replacing 16 windows in the nave of the church is \$23,683.00. During this Season of Creation, you are invited to financially contribute towards this project. Please indicate "Church Windows" in the memo line of a contribution envelope or [eTransfer](#).

Have a great week,
 Fr. André

SEASON OF CREATION

From the Office of Human and Environmental Development Program

- Dr. Lesya Sabada, Coordinator

An Eastern Christian Point of View on the Season of Creation

“Where there is no vision, the people will perish” Proverbs 29:18

The ecological vision of the Eastern Church is grounded in the Biblical and Patristic understanding of the interrelation and reciprocity outlined in the five main points below:

- 1) Creation is an ecological order involving unity, diversity, interdependence, hierarchy, and harmony.
- 2) Human nature is both integrally part of the order of creation, and at the same time, there is something in our nature - our Divine image – that transcends the created order, making us both responsible for creation as priests and stewards and dependent upon it in our kinship with all life.
- 3) The nature of the relationship of human nature with the order of nature is one of dynamic reciprocity; that is, what humans are and what humans do is central to sustaining or the destruction of order and harmony in nature.
- 4) Metanoia – change of heart followed by a change of life is key to all earth keeping and care for creation. If human nature is integral to the order of nature, then disorder in nature can be restored only by order in human beings.
- 5) The human energy that creates, sustains, and restores order in nature is the energy of sacrificial love, grounded in *ascesis* – self-discipline.
